## **DETAILED ACTION**

### ***Terminal Disclaimer***

1. The terminal disclaimer filed on October 6, 2006 disclaiming the terminal portion of any patent granted on this application that would extend beyond the expiration date of US Patent No. 6,835,580 B1 has been reviewed and is accepted. The terminal disclaimer has been recorded.

### ***Reasons for Allowance***

2. The following is an examiner's statement of reasons for allowance: the prior art does not teach or suggest a process for making a direct chip attach device including, attaching an electronic chip having a bonding pad to a lead frame structure; attaching a conductive bump to the bonding pad; placing the electronic chip and lead frame structure into a molding apparatus having a removable pin coupled to a first surface of a well portion; contacting the removable pin to the conductive bump; molding the electronic chip with an encapsulating material wherein the removable pin masks the conductive bump to provide an opening in the encapsulating material over the conductive bump, and wherein the conductive bump is recessed within the opening; and thereafter forming a barrier layer overlying the conductive bump.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 1732
